Here is a story from the book "Charlie and the Chocolate Factory" by R. Dahl.

Difficult situation.

The cruel weather went on and on.

And every day, Charlie Bucket grew thinner and thinner. His face became frighteningly white. The skin was drawn so tightly over the cheeks that you could see the shapes of the bones underneath. It seemed doubtful whether he could go on much longer like this without becoming dangerously ill.

And now, very calmly, he began to make little changes here and there in some of the things that he did, so as to save his strength. In the mornings, he left the house ten minutes earlier so that he could walk slowly to school, without ever having to run. He sat quietly in the classroom during break, resting himself, while the others rushed outdoors and threw snowballs and wrestled in the snow. Everything he did now, he did slowly and carefully.

Are the sentences true (T) or false (F)?

- a) Clothes in Britain.
- b) British people don't care for clothes.
- c) Formal clothes in Britain.

These days most people in Britain do not wear very formal clothes. But sometimes it is important to wear the right thing. Many British people don't think about clothes very much. They like being comfortable. When they go out to enjoy themselves, they can wear almost anything. At the theatres, cinemas and concerts they can wear what they like – from jeans and sweaters to T-shirts and shorts. Anything is OK as long as you look clean and neat (аккуратный).

But men in offices usually wear suits and ties (галстук) and women wear dresses or skirts (not trousers). Doctors, lawyers (юристы) and businessmen wear formal clothes. And in some hotels and restaurants men wear ties and women wear smart dresses. Jeans and open shirts are sometimes not allowed (не разрешаются). It is difficult to say exactly (точно) what people wear in Britain because everyone is different. If you are not sure what to wear, watch what other people do and do the same (то же самое). Or ask the advice of a friend. You'll be more comfortable if you don't look different from everyone else.

Согласно тексту отметьте утверждения Т – правда, F – неправда (ложь).

№1. Прочитайте текст. Определите, какие из приведённых ниже утверждений соответствуют содержанию текста (A – True), какие не соответствуют (B – False).

School years

Talking about British schools, it's hard to know where to begin because there's so much to say. First of all, children start school at the age of four or five. After primary school they go to secondary school which is usually from 11 to 16. But of course many pupils stay at school until they are 18.

What British students study at school seems very much the same to me as what they study in Russian schools. They study English, and the first modern foreign language is usually French. The second foreign language is German or Spanish or sometimes Russian.

Russian isn't taught in very many schools, I'm sorry to say. I think Russian is a very important language because Russia is a very important world power. And I would like Russian to be taught more often. My children, Kathy and Robert, learn Russian at their school in Newcastle.

Some subjects taught in Britain are not the same as those taught at your school. Some of them are Religious Studies, Art and Drama, and Science. For instance, Science is a mixture of Biology,

Chemistry and Physics and is taught in a very practical way.

In fact I never liked any of these subjects.

That's why I teach English Literature at Newcastle University now!

Liam Killeen is a rising star in cross-country mountain biking. He has raced since he was 12 and has had both successes and disappointments in that time. His worst moment so far was during a recent World Championship. His front tyre started to lose air in the last part of the race and he finished fourth. This was not the first time he'd been unlucky. In a previous race, it was raining heavily and he crashed his bike just minutes after the start.

He often gets nervous before a race but thinks that this is a good thing. 'Nervous energy makes you go faster and on the day, it's all about winning. The important thing is to stay positive.'

Liam likes a hard race with steep climbs. 'They make all the difference. You have to be really fit to get ahead'. He also enjoys entering competitions at top levels as there are fewer riders in the race and this makes the start easier. 'You can get into the front group more quickly.'

Liam has been chosen to go to the Olympic Games and one day he would like to win a medal. 'I'm still quite young and expect to be riding until my mid-thirties so I've got enough time to achieve my dream. I know the Olympics are hard and I'll have to produce my best performance yet. But I feel confident.'

Liam trains for 30 hours a week - always outside - and he reaches speeds of 65 kph. He thinks that cycling professionally is the best job in the world and would recommend it to anyone.

His advice to people starting to race is, 'Be prepared for some hard work. If the training was easy, it wouldn't make you faster'.
